

The Silver Star

Silver Star
of the waters
that have laughed all the world
into being,
beyond all knowing
is the splendour of Your Light.
Enfold my spirit in Your mighty hand
that the pure stream of
Your force may flow within me,
in this world,
and in all the worlds to come.

Evening Prayer

Celestial Mother

To Whom all the thousands of
the days are as one, yet who knowest
more about each small event of the
past day than I do, please receive
my spirit and protect it through
the night.

Morning Offering
Celestial Mother,

Grant me this day that every
thing I do shall be as lovingly
and well performed as if I were
to give it into Your own Divine
hands. Fill me with Your energy
and grant that I may both
give beauty to the world and
perceive all that is beautiful
in all of Your Creation.

May this day add a stone

to the temple of my soul.

First find some peace and stillness around yourself and within yourself. Stay within it for as long as it is comfortable.

Quietly say these words to yourself, or look at them at times during the day. There need be no effort involved, no forcing, only a natural acceptance.

I am Your child, Goddess,
now and always. Let me dwell
within Your light and love.

I am in command of myself.
I am in charge of my thoughts
and my emotions.

I am a peaceful soul, my
soul loves tranquillity. There
is no need to be anxious, I have
no fear because Madria Dea,
the Great Mother is watching
lovingly over me.
